NEWPORT DAILY NEWS.

A LADY'S DREAM.

I grant that dreams are idle things,
Yet I have known a few,
To which my faithful memory clings,
They seemed so sweet and true.

The gay and thoughtless, prize woman more for the beauty of face and elegance of figure, than for intelligence of mind, or refinement of education, so that if a lady be acknowledged a fashionable belle, the strength of her mind and the polish of her education are accounted naught.

With men of genius, external beauty is but a secondary consideration; "that within which passeth show," has the first claim on their admiration. Beauty fades, time steals the roses from the cheek, and age leaves but a shadow of the beautiful and fashionable belle. With the lady of talent and refinement, the charm of conversation, and the flow of wit, cast a veil over withered loveliness, and render her as interesting, when robbed of personal charms, as in her days of power and pride. But to the intelligent eye, a lady of mind and education is always beautiful; though her features, when at rest, are not as lovely as cherished flower, nor as regular as a painter's fancy-line, yet, when her mind warms with conversation, or burns with the poetic imagery of her fancy thoughts, a brightness and a witchery dwell in every expression, which unconsciously hold in thrall the dullest of mankind.

When, however, to intelligence of mind is added the spell of beauty, that lady holds a masterdom over every heart, and man bows in silent adoration before her physical and intellectual perfection. Her presence commands respect, her actions admiration. The idle and the fashionable bow in subjection before her very gaze. The educated and talented stand before her with awe and admiration, and, with conscious pride, count themselves in the society of one whose very word makes them feel a presence that instructs and exalts. There is no creation of nature more beautiful than a lovely woman—nothing more dignified, more respectful or commanding, than a female of genius and education. She gives man an exalted opinion of his race, and would make the vilest misanthrope renounce his mistaken faith, and exclaim with exultation "she, like myself, is of the race of man!"

Now to the subject of my story.

I knew Mary Rosabel when she was a young and lovely girl; day by day I marked her mind unfolding its precious gems, and shining brighter and brighter, by the most approved course of education. I saw her verge from youth to womanhood, and even overstep her early promise. I saw her in the day of gladness, and in the night of sorrow; in the time of merriment and in the hour of affliction. I saw her mind acted on by almost every tone of feeling, yet in all she manifested the same dignity and gracefulness; the same strength and resignation. In all she was herself.

One summer, while she was on a visit to a friend in the country, I took the oppor-

tunity of spending a few days with her. In our morning walks through the blooming fields and shady forests, I was instructed and delighted by the correctness of her observations, and the justness of her remarks on the mineral and vegetable kingdoms, and the similes which she drew therefrom to illustrate and adorn conversation. One beautiful evening, we were seated on the green sward, under a lofty cypress tree, enjoying the freshness of the southern breeze; the sky was of a beautiful azure; we gazed with exquisite silence upon the pale and full rounded moon, coursing in her aerial path, attended by her countless train of stars; the scene convinced us that she was well named by poets, "night's peerless queen," and they, "the gems of night," "the poetry of heaven."

It was a beautiful evening; the cool breeze invigorated both the mind and body, and having in its viewless flight strayed over flowers and blossoms, its wings were fraught with delicious fragrance. The scene above, the landscape around, raised our thoughts on wings of imagination, above the prosaic realities of this world. After a long silence Mary Rosabel addressed me.

"The beautiful moon," she said, "sailing along the unsullied sky reminds me of my dream last night. Do you believe in dreams?"

"I have often thought upon them. I have dreamed myself, and heard others relate theirs, and afterwards a circumstance has taken place bearing a strong analogy to the dream. Such things are, and to say the least, a strange combination of events—a remarkable coincidence, for which I know not how to account, but I have come to approve of the maxim adopted by Doctor Johnson, 'do not wholly believe them, because they may be false; do not wholly discredit them, because they may be true.'"

"This I think a liberal conclusion."

"Not more liberal than just."

"The old adage says, regard not dreams, since they are but the images of our hopes and fears."

"Though I confess that old adages are the wisdom of nations, proved by the experience of ages, and winnowed from all the chaff of words, and nothing but the healthy grain remains, still I am resolved in my former opinion. May I not be informed of the particulars of your dream?"

"I shall tell you with pleasure. My dream was inconsistent as a very dream. Methought I was asleep in such a place, and in such a scene as this, when, suddenly, as if by some wild convulsion of nature, I awoke. The sky, which, when I fell into my slumber, was as beautiful and cloudless as this on which now we gaze, was gloomily overcast, and the moon was shrouded by a total eclipse. I was in terror; I wished to arise, but lacked the power of volition, and was constrained against my will to remain, as spell-bound, fixed upon the spot. Suddenly a ray of hope, a thought of pleasure, flashed across my mind; a semi-circular line of mellow light beamed upon the face of the heavens—it was the first glimpse of the moon darting from beneath the envious

body that shrouded it in eclipse. Imperceptibly, and by slow degrees she emerged from her obscurity, the clouds passed gradually away, till at length, the queen of night shone in the heavens with all the stars in her train, as bright and beautiful as the sanguine brain of a poet, in fancy's boldest flight, ever pictured to his imagination, and the landscape smiled with a loveliness equalled only by the brilliancy of fables fairy-land. It was too bright, I thought, for my eyes to look upon, and its dazzling blaze seemed to sear them; yet still I gazed upon the scene in unexpressible delight.

THE CITY GOVERNMENT.—What progress has the committee, which was appointed to procure information relative to the expense, &c., of a City Government made in their labors? We really hope this matter will not be permitted to slumber quietly in the arms of oblivion, for it is an important object, and now that the necessary preliminary arrangements are made to obtain information, it is in the power of the committee to present such statistics to the freemen, at the adjourned meeting, as will enable them to judge of the expediency of the proposition. If a City Government can be established and sustained, with but little more expense than our present one costs, we presume that every man will be in favor of it, as we should then have laws that would meet the exigencies of all cases; and officers who would enforce them, under all circumstances. The present difficulty is, that there is a laxity in the administration of justice, and because we have travelled along thus far in an ancient way, and without much form or ceremony, some suppose that there is no necessity for us to emerge from the groves of an antiquated custom. The spirit of the age, the demands of the times, and a variety of other causes, require that we should not be an hundred years behind the world, and that we should have ample laws, and spirited officers who will enforce them. Again, we hope that the Committee will make a favorable report at the adjourned Town Meeting, on the third Tuesday of December next.

THE MEXICAN PAPERS now talk of transferring the capital to Toluca. There is deep policy in this movement. They may fear an invasion from our army, and thus think to save their wealth, and protect their Junta, by placing them in Toluca, beyond the mountains.

A negro woman at Edgefield, N. C., was lately tried for murdering her three children, and was acquitted on the ground that she was of a weak mind!

WHEN WILL THEY PAY IT?—The State debt of Maryland is set down at eleven millions nine hundred and eighty-six thousand seven hundred and eighty-four dollars.—To which must be added, unpaid arrears of interest since the 1st of January 1842.

THE Cheap Postage System will certainly succeed. It is said now that the amount of deficiency which the Post Master General will require from the Treasury will be but \$500,000. Next year the department will pay its own expenses, and in two years will yield a revenue of three millions annually. Glad to see this!

MILLERISM OUTRAGED.—A new sect of fanatics has appeared in Cincinnati. There are about sixty of them, more than half the number being females, and they are followers, says the Commercial of that city, of a big burley, half Indian, half-Negro, formerly a Mormon, who has proclaimed himself Jesus Christ! He showed his disciples, one day last week, the scars of wounds in his hands and limbs, received on the cross?—He does miracles with a golden rod, and professes that he was the cause of the destruction of Natchez by a whirlwind. The members of this new religion are solemnly enjoined to secrecy, and hold meetings nightly.

THE NEW ENGLAND EARTHQUAKE.—The Philadelphia North American thinks that the shock of an earthquake felt in New England on the 25th August, proceeded from the eruption of Hecla at noon on the 22d. The distance is about twenty-five geographical degrees, so that the vibration or pulsation travelled at the rate of twenty-four miles per hour.

THE GULF SQUADRON.—A letter from Pensacola, dated 28th ult., says that no apprehensions need be felt for the safety of the Gulf squadron in consequence of the late hurricane, as the United States ship Princeton was in the Gulf, 250 miles off Key West, and experienced but a moderate blow.

THE War Department has given notice that \$2 will be given to any citizen non-commissioned officer or soldier, for each able-bodied recruit he may bring to the rendezvous, who shall be accepted for the public service.

It appears that the men in New Mexico are permitted to marry not only one wife, but as many as they please. General Kearney has five hundred Mormons with him, each of whom, by the rules of the Mormon Elders, may take as many wives as he pleases.

It is stated that Hon. Robert Dale Owen, M. C. from Ohio, is to be sent to Brazil, in place of Mr. Wise.

The bridge over the Potomac, connecting Washington with Alexandria, has been swept away by the flood.

The Vicksburg Whig learns that Col. Jefferson Davis, now with the army under Gen. Taylor, has forwarded his resignation as a Member of Congress, to the Governor of Mississippi.

We cut the following from the New York Tribune, which is pretty sharp, coming at this time:

LOST.—A large crooked stick, very knotty, called the "Empire Clob."

It will be seen, by reference to our advertising columns, that Patterson & Co. have closed their store for a few days, to take an account of stock, and on re-opening, will offer 'great bargains.'

DOMESTIC CAKES.—One pound of flour, and half a pound sugar; beat a half a pound of butter to a pint of cream, add half a grated nutmeg, and work it to a smooth paste; roll it about half an inch thick, and cut it in square or round cakes. Bake it in a quick oven.

'Good Night.'—A sound full of sweetness and tenderness. Why dost thou yet linger, departing one? Dost thou wish for another, and yet another good night?—Where, indeed, is the ear that loves it not—that does not wait to have it repeated more than once? Let us receive these beautiful words as one of the pledges of our fair inheritance—a temporal emblem of those breathings of eternal peace which will gush forth from one bosom to another, as happy spirits meet and part in the city of our God.

Bachelors, not maids, are objects of satire. Though women may not make overtures like men, it is perhaps their taste, if they live in single heartedness; but, however that may be, they have little cause for envy, when they see how many are paired, not matched.

Hog's Hyperion Fluid is becoming immensely and deservedly popular. It is unquestionably superior to any thing of the kind now in use, and those will admit it, who may test the matter. Ladies who wish the very best article in the world to give the hair beauty and natural gloss, as well as to give it a satisfactory set, should try the Hyperion Fluid. We mean just what we say, and have no fears of having the matter tested, Hog is no less skilful and happy in his style of dressing the hair. Put your head in his charge, and see if this be true. —Star Aug 21

THE AGE OF IMPROVEMENT.—Among the many blessings attendant upon improvements in the social condition, and the advances of our race in intelligence, is the prolongation of human life. With the increase of intelligence, has grown up a knowledge of the elements of health, and a regard for them, and commensurately with the strides of science, have we acquired the means of arresting disease, and averting its ravages. Notwithstanding the progress we have made, statistics show that even now, one sixth of the whole population die annually of consumption.

One of the most important discoveries of the age in ameliorating the condition of this large class of suffering humanity, is Dr. Wistar's Balsam of Wild Cherry. What time establishes and consecrates, what experience adopts and confirms, what all men in all places unite in saying is good and valuable, is so, no doubt. A popularity of this sort fixes in society its roots so deep and so strong, that time cannot destroy it. The success which has attended this medicine for several years past, has overcome the prejudice of all respectable and sensible men, and the article has taken a stand among the first class of discoveries and blessings of the age; and when resorted to in season, eradicates the disease for which it is recommended.

Dr. Banning's Patent Body Lacer, For Weakness of the Body.

The following letter is submitted to a discerning public, and the proprietor is entitled to refer to many individuals—whose testimony will satisfy the most incredulous. Be particular and get Banning's Lacer, and be put off with nothing else.

Now and More Testimony.

WARRICK, August 22, 1846.
Dr. Boardman.—Dear Sir:—Now being about leaving for home, I am able to give thus far a favorable account of the Lacer which I have worn only four days. For more than four years I have suffered greatly from dyspepsia, that scourge of our race. My food has always been so troublesome that my stomach would reject it almost every day—my bowels always constipated—my head always feeling heavy and unpleasant, and my spirits greatly depressed. I was unfitted for any regular business, and till I saw you, I had given up the hope of ever being better. I had consulted many physicians and in Boston, those the most celebrated, and spent nearly all the money I could earn, upon them and medicines. Since I have worn the Lacer, all these symptoms have in a great degree vanished, and now, it seems to me, I shall be well again. I find my body regaining its erect position—the spitting up my food is pretty much over, my spirits and energy are returning, and I feel like a new man.

Genuine Bears Oil—Highly Perfumed. —Perhaps our ladies and gentlemen are not aware that three quarters of the 'Bear's oil,' (so called,) with which they anoint their locks, wondering that it does them so little good, is nothing in the world but hog's lard, so highly scented as to escape detection, save on close examination. This, however, is simply the fact, and one that ought to be known. The only safe way is to purchase your Bear's Oil of HENRY JOHNSON, who gets it direct from Canada, and the North Western territory, and who never sells an ounce until he knows it to be genuine. The real Bear's oil is a wonderful beautifier and strengthener of the hair, and should be used by every one desirous of beautiful locks.

Clove Anodyne Toothache Drops.—This Clove Anodyne is the best of all Toothache remedies. It is immediate and certain in its effects, curing the most violent toothache, or pain in the gums in ten minutes.

Experience has proved that this Anodyne composition will give immediate and permanent relief, after the failure of every other remedy; it is pleasant to the taste and smell; will not injure the teeth or gums in any way, and a few applications will entirely renovate the pain and soreness from a decayed tooth, so that it may be filled and rendered useful as ever. When the pain proceeds from the face or gums around a tooth apparently sound, this application will give speedy relief, by rubbing a few drops to the part affected. Price 25 cent. Prepared and sold by HENRY JOHNSON, Chemist, and Druggist, 273 Broadway, corner of Chambers-st., in the granite building. Sold in Newport by R. R. HAZARD, near the Court House. Oct 27 6m

Roman Eye Balsam, for Weak and Inflamed Eyes.—This valuable Balsam has been used for many years, in private practice, by the most established Oculists in this, and foreign countries, and may be confidently relied upon, as the most safe and speedy cure for weak or inflamed eyes, arising from any cause, that has ever been offered to the world. Its peculiar operation consists in removing all unhealthy action in the vessels of the eye, and parts adjacent, substituting a healthy process, which soon results in a perfect cure. The afflicted are invited to try and become convinced. In small jars, 25 cents.

CLOTHING! CLOTHING!! Large enough for the largest man, and small enough for the smallest boy.

We warrant men a perfect fit,
That's not the most successful hit?
For with their matchlessness of cut,
Far more celebrity we've got;
Small gain on one alone we reap,
But here's our motto—"we sell cheap."

At the great
OREGON CLOTHING WARE-HOUSE,
Corner of Thames & Franklin Streets,
May be seen the largest and most splendid as-
sortment of Ready Made Clothing ever offered in the
town of Newport, at prices which cannot fail to
suit, and a little superior and cheaper, than at any
other similar establishment in the town. These
goods cannot be surpassed, if equaled, for neatness,
taste, elegance, and durability. This well selected
stock was bought on the cash system, and can and
will be sold cheap. Come now all ye, while the
doors are open unto you, and be clothed from the
crown of your head to the soles of your feet.

Among the above named articles may be found
Cloaks,

Which dignify the human form—
As beautiful as they are warm.
Pilot Coats.

They cost more nothing, and so stout,
It takes you years to wear them out.
Bever and Broadcloths.

They seem forever fresh and bright,
And give the wearer great delight.
Dress Coats.

Cut, pressed, and made in tasty manner—
They win the envy of the scammer.
Pantaloon.

Fine stitches, tightly drawn, and strong—
The reason why they last so long.
Vests and Scarfs.

There's nothing can adorn the breast
So well as can a handsome Vest,
But what's a Vest without a Scarf?
It's like a smile without a laugh;
It loses half its expression,
No man should think of such aggression.

Also may be found Collars, Bosoms, Shirts,
Handkerchiefs, Gloves, Suspenders, Hats, Caps,
Boots, Shoes, and all other articles generally worn
by the Male part of the community. Don't forget
the *Oregon Clothing Ware house* corner of Thames
and Franklin Streets.

bove, and all complaints of the Breast and Lungs
was ever made, than that long known and justly

Bogle's Hyperion Fluid; Or Vegetable Hair Composition.

THE subscriber has been induced to bring this
article before the public, at the request of his nu-
merous customers, among whom are physicians
and citizens of the first respectability, who have
adopted its use in their families, and wish others to
participate in its advantages.

The Hyperion is composed of vegetable ingredi-
ents, the secret of compounding and blending which
is known wholly to the subscriber. It is an arti-
cle in which a cleansing and purifying wash is
beautifully blended with a most delicate, silky and
glossy moisture never before attained, yet free of
animal grease or essential oils. It clears the pores
of the skin, causes a healthy action in the blood
vessels, nerves, &c., which feed the hair, thereby
preventing BALDNESS AND GREY HAIR.

It entirely frees the skin from Scurf, Dandruff,
and other cutaneous diseases, disposes the hair to
curl, and changes the hardest hair into the most
soft, glossy, and healthy state, also imparts to it a
darker color, and the free use of it, both on the
skin and hair, in a most healthy and luxuriant
state until the latest period of life.

Ladies will find the Hyperion a great addition to
the toilet, both on account of its delicate and agree-
able perfume, and the great facilities it affords in
dressing the hair, which, when moist with the fluid,
can be dressed in any required form, so as to
preserve its place, whether plain or in curls—
When used on children's heads, it lays the foun-
dation of a good head of hair.

DR. BANNING'S PATENT LACE!
An immediate Relief to Incipient Consumption, the Bronchitis of Public Speakers, Palpitation of the heart, Dyspepsia, Spinal Weakness, Piles, Protrusion, and Diseases of Women, without Medicines.

THIS instrument has been examined by Drs. Matt. Rodgers, Francis, and Grison of New York, the faculty of Pittsburgh, Hartford, New Haven and Middletown, and has obtained for itself their favorable testimony. The following will show what kind of testimony might be produced in many cases:

Middletown, June 25th, 1843.

Dr. Boardman,

Sir—In answer to your inquiry respecting my case, I will merely say, that I have been sick since I strained my breast and loins in May, 1836, from that time continued to grow worse, when in the fall of '39, I abandoned business, and have not done any thing since. I suppose from all I could learn about my case—frequently raising blood, coughing very hard and expectorating profusely, deriving no benefit from my physicians, and all medicines recommended to me, that my case was hopeless. Last winter my brother told me he had heard a good account of Dr. Banning's Lace in such cases, and was anxious that I should try it; accordingly I procured one from you, and since I began to wear it, my breathing, which was very short and laborious, has become easy and natural; the pain and fluttering or palpitation of the heart has subsided; cough and expectoration greatly lessened, my limbs which were exceedingly painful have become useful, so that I can walk comfortably. I am able to shave myself with comfort, which for many years I have not been able to do. The pills, which have troubled me for nine years, are nearly eradicated. I work some in the garden, and am able to ride 4 miles at once with pleasure and benefit. Yours, &c. WM. RANNEY.

Dr. G. M. Boardman,

Middletown, June 25, 1843.

Dr. Boardman,

Dear Sir—In answer to your inquiries respecting the effect of Dr. Banning's Lace in the case of my wife, I will state that for twenty years past, she has been afflicted with a complication of complaints to which females are subject. She has tried all the physicians and all the medicines recommended for such complaints, without regard to expense, and found only temporary relief. Her most distressing complaints, palpitation of the heart, oppression, and a sense of great weight at the pit of the stomach, protrusion of the womb, &c., were believed after wearing the lace two hours, and she has continued to improve daily. With this view of the case I cannot use language strong enough to convey my approval of the instrument. aug. 29th.

STEPHEN BLOOMER, JR.

PROVIDENCE, Feb. 26, 1846.

Doctor Boardman,—Dear Sir—I now take my pen to inform you that my wife's health has improved very fast for the last two weeks from wearing one of your Laces. She has been out of health about two years and has worn a different Supporter from yours, which had only two pads. She received some benefit from that—but it would not produce a cure. But now I can say with pleasure that she is as smart as any of the young girls in the neighborhood. She can now run up and down stairs as fast as I can, and I feel so well pleased with it that I hardly know how or what to write. But one thing I do now, that she has been under the care of seven Doctors in one year—and wearing your Lace two weeks has or will do the cure in a very short time. I want to write more, but I have no time. I am truly, your friend and well wisher, J. * *

Doctor Boardman, proprietor of Bannings celebrated Patent Body Brace, for this state, has taken rooms at No. 8, Broad street, where he may be consulted, free of charge. He is enabled to treat, successfully, cases of Rheumatism, Neuralgia, Headaches, Deafness, loss of Voice, Bronchitis, Weakness and curvatures of the spine, and chronic diseases generally. He is enabled to refer to numerous cases in Providence, and this town. aug 28

PEACH, Rose, and Orange Flower Water, in large or small quantities, at R. J. TAYLOR'S.

June 30.

From the Brooklyn Daily Advertiser.

A BEAUTIFUL YOUNG LADY residing in W. street in this city, has received great and unexpected benefit from the use of that excellent specific RADWAY'S CHINESE MEDICATED SOAP. Some few weeks since she was on a visit to some of her relatives in South New Jersey, where she was very severely bitten by mosquitoes, being at the same time very much exposed to the scorching rays of the Sun, she experienced great pain, and irritation from the effects of the mosquito, and much annoyance from the unnatural darkness of her tanned complexion. We recommended her to use that excellent Medicated Compound, RADWAY'S CHINESE MEDICATED SOAP, she complied with our request, and in three days there was not a single spot, blemish, pimple or blotch left upon her skin, and her complexion is now as fair as the Lily.

Ladies, secure without delay a cake of this invaluable Soap, it will purify your skin, improve your complexion and remove all disfigurements entirely from the surface of your system. Price 12-13 cents per cake. Sold in Newport by R. J. TAYLOR, Agent. Aug 7

It is now about ten years since this medicine has been introduced to the public, and it stands unrivalled in its effects, bearing the test of the severe scrutiny of all classes, both friendly and unfriendly. It is but for one purpose;—for the use of Mothers who have to pass through a sea of affliction in giving birth to mankind, not to be described. It is to you we make an appeal. It is for your special and general good that you should make use of one bottle of the MOTHER'S RELIEF before confinement. Then you can approach the parturient chamber without feeling as if you were going to the chamber of death. You may rest assured it will still all ferber and nervous affection. It soothes and shields from irritation and by its peculiar properties it destroys the cause of hemorrhage or inflammation that so often attend and follow the hour of parturition. It causes sweet and natural rest, and at last facilitates the birth, so that Mothers have not to pass through such excruciating pain and distress. The Mother's Relief may be depended upon in all cases of threatening abortion where it is possible to be prevented in cases of Spasms, &c., causing frequent alarm, from two to three doses will give immediate relief.

As the subject is one that cannot with propriety be fully discussed in this public manner, we invite all who feel interested to call on our agents (most of the respectable Druggists in the United States,) or on the manufacturer, and they will be furnished with a pamphlet in which they will find all the facts to form a correct opinion of its merits, and also the opinions of many physicians of eminence, and of persons who have become acquainted with its beneficial effects.

CAUTION TO PURCHASERS.—Ask for RADWAY'S Mother's Relief. None is genuine unless our signatures are found within the wreath of the direction that is pasted on the bottle, signed with our own hand, and over the neck of the bottle is a facsimile of our own hand writing also. By attending to the above directions, no one need be imposed upon. All orders will be promptly attended to. DR. G. A. BARTHOLOIC.

LORRAINE'S PILLS.

All persons require Facts. DR. LORRAINE'S CURATIVE SYSTEM OF MEDICINE is rapidly producing achievements never before known in the cure of disease. The immensity of its wonderful results, alone demonstrate that its principles must be founded on truth. The relative proportion of Cures by this Medicine is out of all proportion greater, than by any other Medicine known.

THE THEORY is, that one blood heats in the bosom, and flows through the body of every man, and must be pure, it is the Vital Principle that sustains life.

Physicians, and people of every class are willing to come forward and announce, in the most public manner that they have been cured of long standing complaints—after another medicines had failed. In fact there can be no doubt but that Lorraine's vegetable Pill is the best medicine ever offered to the public.

See a few public statements of men of truth and virtue.

Yppm. Dec. 17th, 1843

Sir: I have sold all the pills I had had of you, please send another lot immediately. The sale of Lorraine's vegetable Pills is rapidly on the increase, they are becoming very popular. I sell more and more every day. As a curative medicine and purifier of the blood, I think they stand unrivalled. One fact I have noticed, that no one that has used them finds any fault with them; they have wrought some very great cures. One lady, who has been confined to the house and bed, a great part of the time, for twenty years, is now cured and able to work most of her time, after having taken 3 boxes only of Lorraine's Pills! I might name many other cases where the cures have been as great, but have not time. Yours respectfully, J. E. F. MARSH.

Portland, Me., Nov. 7th, 1843.

Sir: Please send us one gross of Lorraine's Pills, we have sold all we had last. They have given very good satisfaction, better than any other pills which we have in our market. I think in a short time they will take the place of others. We have had no fault found with them whatever; but, on the contrary, they have been praised loudly. I think we could have quite a number of highly respectable certificates from our citizens. Yours respectfully, E. MASON.

Chelsea, Jan. 3d, 1844.

Sir: I transmit to you an account of my case for publication, believing it to be my duty. I have been confined with the Rheumatism nearly the whole winter, have had some of the best physicians of Boston and could get nothing that would relieve me more than temporarily. I heard of the wonderful virtue of Lorraine's Pills, I had no faith whatever, but I took them, and it is a solemn fact that when I had taken but eight pills my Rheumatism had entirely left me, and I have remained well ever since.

N. B. I never took more than one pill at a time and that on going to bed.

Yours respectfully, W. M. HALSTAD.

OPINION OF A SKILFUL PHYSICIAN.

Sir, the operation of Lorraine's Pills is just any philosophy to find out, how so small a Pill can produce such wonderful effects. I find that one of them will operate more than 3 or 4 of any other Pill, yet in their operation, mild, gentle and comforting. On this account, they are more than 100 per cent, cheaper, as physis, than any other Medicine I know of.

These Pills are now acknowledged by thousands who take them daily, to be the only medicine that truly takes the BANNER from all others. This extraordinary medicine has actually done wonders within one year past. They cause no pain or uneasiness of any kind in their operation, and require neither change of diet or care of any kind.

The attention of the reader is respectfully called to the important results from the use of these Pills. It will be seen, however great achievements have heretofore been made by the use of this invaluable medicine, still greater and more remarkable cures daily happen.
